Invitation Notice: Upcoming Guest Lecture Series at NIT Durgapur

✨ **Attention Students!**

The Department of Computer Science is thrilled to announce an exclusive **Guest Lecture Series** featuring renowned experts in computer science and industry leaders who have been instrumental in advancing technology across academia and industry.

📅 **Event Dates:** [Insert Date(s)]
📍 **Venue:** [Insert Venue or Online Link]

Why Attend?

Get ready to be inspired and enlightened by some of the most respected minds in technology and innovation. This is a unique chance to gain insights directly from professionals who have shaped the fields of Artificial Intelligence, Cybersecurity, Data Structures, Digital Commerce, and Network Theory. Here's a sneak peek at our speakers:

- **Dr. Sudarshan Iyengar** (IIT Ropar) – Dive into **network theory** and **computational social science** with insights from one of India's foremost experts.

- **Mr. Manikandan Thangarathnam** (Director, Amazon Kindle) – Learn about **innovative software development** and **digital product strategy** in today's fast-paced tech industry.

- **Pramod Perumparambil** (WW Director, IBM Commerce) – Explore the world of **digital transformation** and **rapid solution engineering** from an industry leader.

- **Prof. Ponnurangam Kumaraguru** (IIIT Hyderabad) – Gain valuable insights into **cybersecurity** and **ethical AI**, a must for today's responsible tech environment.

What's in It for You?

- **Skill Development**: Refine your understanding of in-demand fields directly from the best in the field.

- **Career Insights**: Discover real-world applications, career paths, and what it takes to excel in cutting-edge tech roles.

- **Networking**: Connect with experts and gain mentorship opportunities that can guide you in your academic and professional journey.

Don't Miss This Chance!
Whether you're a first-year student or a final-year enthusiast, this event promises something for everyone. **Reserve your spot now** and get ready to fuel your passion for technology with knowledge from industry pioneers!
